

Solid Biosciences to Participate at 42nd Annual J.P. Morgan Healthcare Conference

January 4, 2024

CHARLESTOWN, Mass., Jan. 04, 2024 (GLOBE NEWSWIRE) -- Solid Biosciences Inc. (Nasdaq: SLDB), a life sciences company developing precision genetic medicines for neuromuscular and cardiac diseases, today announced that Bo Cumbo, President and Chief Executive Officer, will present at the J.P Morgan Healthcare Conference on Thursday, January 11, 2024, at 9:45 am PT.

A live webcast of the presentation will be available on the Events page of the Investors section of the Company website or by clicking [here](#). A webcast replay will be archived for 30 days on the Events page.

Institutional investors interested in meeting with management during the conference may reach out to their J.P. Morgan representatives.

About Solid Biosciences

Solid Biosciences is a life sciences company focused on advancing a portfolio of gene therapy candidates and neuromuscular and cardiac programs, including SGT-003, for the treatment of Duchenne muscular dystrophy (Duchenne), SGT-501 for the treatment of catecholaminergic polymorphic ventricular tachycardia (CPVT), AVB-401 for the treatment of BAG3-mediated dilated cardiomyopathy, AVB-202-TT for the treatment of Friedreich's ataxia, and additional assets for the treatment of fatal cardiac diseases. Solid is advancing its diverse pipeline across rare neuromuscular and cardiac diseases, bringing together experts in science, technology, disease management, and care. Patient-focused and founded by those directly impacted, Solid's mandate is to improve the daily lives of patients living with these devastating diseases.
