Pery Shieh, M.D., Ph. D. Professor of Neurology and Pediatrics at the University of California, Los Angeles, and an IGNITE DMD investigator, will participate in the PS03: Selected Abstracts for Oral Presentation session on Thursday, July 7, at 10:30 a.m. ET / 4:30 p.m. CEST.

Event and registration information is available at: <https://icnmd.org/registration2022/>

About Solid Biosciences

Solid Biosciences is a life sciences company focused on advancing transformative treatments to improve the lives of patients living with Duchenne. Disease-focused and founded by a family directly impacted by Duchenne, our mandate is simple yet comprehensive – work to address the disease at its core by correcting the underlying mutation that causes Duchenne with our lead gene therapy candidate, SGT-001, as well as our recently announced next-generation gene therapy candidate, SGT-003.
