

Solid Biosciences to Participate at BMO Biopharma Spotlight Series: Genetic Medicine Delivery

March 21, 2023

CHARLESTOWN, Mass., March 21, 2023 (GLOBE NEWSWIRE) -- Solid Biosciences Inc. (Nasdaq: SLDB), a life sciences company developing genetic medicines for neuromuscular and cardiac diseases, today announced that Bo Cumbo, President and Chief Executive Officer, will participate in the BMO Biopharma Spotlight Series: Genetic Medicine Delivery in a panel discussion titled "Innovative AAVs Targeting Diverse Tissues" on Tuesday, March 28, 2023 at 9:00 AM ET.

The event will be made available live only to clients of BMO. Following the event, a replay of the panel discussion will be available on the [Events](#) page of the Investors section of the Company website.

Institutional investors interested in meeting with management during the conference may reach out to their BMO representative.

About Solid Biosciences

Solid Biosciences is a life science company focused on advancing a portfolio of neuromuscular and cardiac programs, including SGT-003, a differentiated gene transfer candidate for the treatment of Duchenne, AVB-202-TT, a gene transfer candidate for the treatment of Friedreich's Ataxia, AVB-401 for BAG3 mediated dilated cardiomyopathy, and additional assets for the treatment of undisclosed cardiac diseases. Solid aims to be the center of excellence, bringing together those with expertise in science, technology, disease management and care. Patient-focused and founded by those directly impacted by Duchenne, Solid's mandate is to improve the daily lives of patients living with these devastating diseases.
