Item 7.01 Regulation FD Disclosure

On January 14, 2021, Solid Biosciences Inc. (the “Company”) will present at the 39th Annual J.P. Morgan Healthcare Conference. The Company’s presentation will provide updates regarding anticipated upcoming milestones for its Phase I/II clinical trial called IGNITE DMD, including that the Company plans to present 12-month safety and efficacy data for all patients dosed to date in IGNITE DMD in the first quarter of 2021 and that the Company anticipates presenting 90-day biopsy data for additional patients dosed in IGNITE DMD in the second half of 2021.

Forward-Looking Statements

This Current Report on Form 8-K contains forward-looking statements within the meaning of The Private Securities Litigation Reform Act of 1995. Such forward-looking statements include, but are not limited to, those regarding the plans for presentation of data from IGNITE DMD and other statements containing the words “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “intend,” “may,” “plan,” “potential,” “predict,” “project,” “should,” “target,” “would,” “working,” and similar expressions. Any forward-looking statements are based on management’s current expectations of future events and are subject to a number of risks and uncertainties that could cause actual results to differ materially and adversely from those set forth in, or implied by, such forward-looking statements. These risks and uncertainties include, but are not limited to, risks associated with the Company’s ability to resume and/or continue IGNITE DMD on the timeline expected or at all, obtain and maintain necessary approvals from the FDA and other regulatory authorities, obtain and maintain the necessary approvals from investigational review boards at IGNITE DMD clinical trial sites and the IGNITE DMD data safety monitoring board, enroll patients in IGNITE DMD, continue to advance SGT-001 in clinical trials, replicate in clinical trials positive results found in preclinical studies and earlier stages of clinical development, advance the development of its product candidates under the timelines it anticipates in current and future clinical trials, successfully optimize and scale its manufacturing process, obtain, maintain or protect intellectual property rights related to its product candidates, compete successfully with other companies that are seeking to develop Duchenne treatments and gene therapies, manage expenses, and raise the substantial additional capital needed, on the timeline necessary, to continue development of SGT-001, achieve its other business objectives and continue as a going concern. For a discussion of other risks and uncertainties, and other important factors, any of which could cause the Company’s actual results to differ from those contained in the forward-looking statements, see the “Risk Factors” section, as well as discussions of potential risks, uncertainties and other important factors, in the Company’s most recent filings with the Securities and Exchange Commission. In addition, forward-looking statements contained in this Current Report on Form 8-K represent the Company’s views as of the date hereof and should not be relied upon as representing the Company’s views as of any date subsequent to the date hereof. The Company anticipates that subsequent events and developments will cause the Company’s views to change. However, while the Company may elect to update these forward-looking statements at some point in the future, the Company specifically disclaims any obligation to do so.
